OBJECTIVE:
To obtain a management position that will utilize my leadership experience as an Army Officer.

EDUCATION:
BS. Cognitive Science **Villanova University** **May 2004**
- Volunteer Firefighter
- Mentor to ROTC Cadets

AS. Liberal Arts **Valley Forge Military College** **May 2002**
- Commissioned Second Lieutenant
- Company Commander
- Honor Council Captain
- Phi Theta Kappa, Alpha Beta Gamma

SUMMARY:
Over 6 years of leadership experience in a military and civilian environment. Recognized as an empowering leader by superiors, and as competent and consistent by clients. Proven ability to lead, teach, and develop with candor and humility. Complemented by 12+ years of experience in web development/optimization and *nix security.

EXPERIENCE:
Scout Platoon Leader **Fort Indiantown Gap** **May 2000 – Present**
Directly supervise 40 personnel. In command of 10 gun trucks. Empowered junior non-commissioned officers by delegating training followed by professional development counseling.
- Recognized as the highest rated officer within the squadron during each annual Officer Evaluation Report.

Contract Sales **SecureAlert, Inc.** **November, 2005 – Present**
Forge relations with department of correction chiefs in 68 counties and 3 states. Identify how tracking law offenders saves the department time and money without increasing liability.
- Currently closed 6 contracts for 250 devices while anticipating the sale of 1,000 more.

Co-Founder/Director **TechForge, LLC** **May 2004 – December 2005**
Using Lean Six Sigma, continually refined the I.T. support process to consistently exceed client expectations.
- The successful I.R.I.S. Method resulted in the closing of 17 contracts within 6 months after it was adopted.

Software Engineer **Guardian Digital, Inc.** **August 2000 – August 2003**
Developed a new strategy to aggregate relevant news and advisories for linuxsecurity.com. Optimized the web user interface for quick access to the latest security vulnerabilities.
- Over 100% increase in website traffic and positive user feedback qualified the renovation.
